

On the Move

National Curriculum

In Literacy we will be looking at stories with familiar settings and improving our handwriting skills. We will read, write and perform a variety of poems with different structures and language opportunities. We will be writing a non-chronological report about our transport heroes and writing recounts from personal experiences. We will be writing instructions linked to topic work.

As Mathematicians alongside our usual curriculum we will be collecting and presenting data about traffic.

As Scientists we will be learning about forces and movement and carrying out investigations. We will be learning about sources of electricity and how to make a simple circuit.

As Historians we will be studying how transport has changed over time.

As Geographers we will be studying different forms of transport from around the world.

As Design Technologists we will design and make a wheeled vehicle.

As Artists we will be looking at the work of Kandinsky and producing artwork inspired by movement.

Diversity

As global citizens we will be:

Learning about people from different cultures and backgrounds.

Studying celebrations and festivals from around the world.

Enterprise

As entrepreneurs we will be:

Making, advertising and selling goods for the Christmas fair.

Environment

As environmentally friendly pupils we will be:

Surveying different transport in Wedmore and investigating environmental issues and possible improvements.

Thinking about how to improve our local environment and stay safe when crossing the road.

The local police will visit us to talk about road safety
