

# Romans

## National Curriculum

In English we will be studying and writing information texts, writing and performing poetry and producing stories set in ancient Rome. Year 4s will be completing a transition project in readiness for year 5.

As mathematicians we will continue our curriculum work, linking with our topic where possible.

As scientists we will be investigating forces and motion and learning about the electricity, conductors, circuits and magnets.

As historians we will be studying the history of the Roman Empire, what life was like in ancient Rome and the legacy they left behind.

As geographers we will be learning about the expansion of the Roman Empire and continuing our work on physical geography.

As design technologists we will be designing and creating Roman chariots (year 3 only) and shields. We will also be cooking a savoury dish enjoyed in Italy!

As artists we will be exploring mosaics and creating our own.

As performers we will be rehearsing and staging an end of year production.

## Danger

We will be assessing dangers and risks:  
Re-enacting and discussing the dangers that faced in Roman times.

## Sports

We will be keeping active by:  
Focusing on athletics and wide games, (rounders and cricket) with our specialist sports teacher Mr Coggins.  
Sports Day  
Owl class will be swimming.

## The Arts

Using our creative minds we will be:  
Producing art work, textiles, models, food, dances and acting performances.
