

It was an event that changed the face of London forever.

Maths

Y1: As mathematicians, we are learning to name common 2D and 3D shapes and learn about their properties. We will go on shape hunts and learn to spot the different ones in our environment. We will be learning about number, addition and subtraction, understand the inverse and use story representations

Y2: As mathematicians, we will be learning to add two 2 digit numbers together and subtract a 2 digit number from another 2 digit number.

English:

In English we will be learning how to write a diary entry and base our writing around the book 'Vlad and the Great Fire of London'. We will learn new vocabulary, features of a diary, different ways to start and finish sentences. We will learn to use and spell contractions. We will use our senses to help us with our final piece of work.

History:

As historians we will learn about a significant event and key people in history though the 'Great Fire of London'.

Geography:

As geographers we will locate London on a map and learn about its human and physical features. Especially the key landmarks that are related to the Great Fire of London.

Science:

As scientists we are learning about animals including humans. We will learn how animals and humans develop and grow. We will learn about lifecycles and what animals and humans need in order to survive. We will also learn about the importance of exercise and how to live healthily. We will learn how to observe carefully and perform simple tests.

Music

As musicians, we will be listening with concentration and understanding a range of high quality live and recorded music. We will learn songs and chants related to our topic.

British Values

We will be learning about respecting each other and valuing who we are as individuals.

Art

As artists we will be explore warm colours by colour mixing to use in our art. We will create silhouette pictures. We will explore the techniques of marbling and origami.

DT

In DT we will be designing and making bread. We will be making 3D Tudor houses.

RE/PSHE

In PSHE our focus this term is setting goals and being resilient and having a positive attitude. In RE we will be learning about Christianity.

PE

In PE we will be learning simple games involving ball skills taught.

Computing

In computing we will learn add data and represent this on a pictogram. We will learn to represent data in different ways.
