Rooted in Community, Growing with Nature

14th March 2025

Dear parents,

I am writing following the recent letter I sent out regarding the new logo on school uniform. Having spoken to Tammy from Deanes recently, I need to draw your attention to an important amendment. **Current stock of uniform which include the existing logo will need to be sold before items with the new logo are available to buy.** This will mean that new Reception parents and anyone else buying new uniform will buy one with a current logo on until those items have been sold, they will then be replenished with items carrying the new logo. Unfortunately, this is unavoidable – the only other option would be for us to buy all stock with the existing logo from Deanes, this isn't viable financially. I apologise for any confusion this has caused.

Tammy has also asked whether we would like to replace the knitted cardigans and jumpers with a sweatshirt or sweatershirt cardigan, local schools including Hugh Sexeys Middle School have opted for this. Tammy has advised that the quality of the fabric for these items are very good and the price is lower, it would also help with the issue of frayed cuffs. For anyone who would prefer this option, please send a message to the office – we can make a decision based on the majority of preferences.

Please be assured that the phasing in of the new logo will be a gradual process and will take into account the fact that uniform with the new logo may not be available to buy for a while. Thank you for your ongoing support.

Best wishes

Shelley Kent
