Rooted in Community, Growing with Nature

Year 1 Trip to Haynes Motor Museum

1st April 2026

Dear Parent/Carer,

To consolidate our topic 'Transport and Vehicles', Deer class will be going on a trip to Haynes Motor Museum on Friday 15th May 2026!

During our visit, the children will take part in an engaging guided tour of the museum, where they will explore a wide range of vehicles and learn about how cars have developed over time. They will discover the different ways cars have been powered in the past, from early engines to more modern technologies, and begin to consider how transport is changing for the future. As part of their experience, the children will also take part in a hands-on workshop in the museum's education centre. Here, they will explore the question: How are cars changing for the future? Working in small groups, they will design and build their own solar-powered vehicle. They will then test their creations and work scientifically to evaluate how effective their designs are – which team will create the most successful vehicle?

We will leave school on the coach at 9.00am promptly and will return by the end of the school day. Please ensure that you arrive as close to 8.40am (not before) as possible so we can get organised and leave swiftly.

The children will wear school uniform. Please ensure that pupils dress for the weather conditions expected on the day (e.g. warm or water-proof clothing).

The children will be supplied with a packed lunch of their choice, so please bring a small rucksack for it to go in. They will need a snack and water bottle in addition to a packed lunch (no fizzy drinks or glass bottles please).

In order to ensure the safety of the children each class will need additional helpers. If you are able to help, please speak to your child's class teacher. Please note that you will need to have DBS clearance.
