

Message from Mrs Kent

Dear families,

Our children enjoyed a Road Safety assembly this week focusing on crossing roads and cycling safely. The children listened carefully and responded thoughtfully, and I was proud (as always) when our visitor commented on how well behaved the children were. It was a lovely reminder of how well our children represent the school when we welcome visitors, and of how much they already understand about staying safe. As the darker mornings and evenings draw in, I would encourage you to keep talking at home about road safety — particularly around safe crossing points, reflective clothing and cycling helmets. Our assembly built on these messages, and reinforcing them at home really does help them stick. **Shelley**

Duck Class

This week duck class have been learning about the autumn celebration of Harvest. We have been exploring how farmers harvest and went to our vegetable garden and harvested some carrots. We then chopped them along with other root vegetables and made a soup. The children all tried it and most thought it was delicious!

Robin Class

This week we have been learning the story of The Little Red Hen, using magic codes to create the characters. In our maths we have been adding two numbers together, using lots of natural resources to show our understanding. Outside we have been exploring with pumpkins and mark making in foam. Another great week!

Deer Class

We have had another great week of learning in Deer Class! In English, we have begun learning about instructions, taking turns to be the teacher and give instructions to our friends, as well as ordering instructions to make sure they make sense. In PSHE, we talked about what makes us feel proud and celebrated some of our achievements. Well done, Deer Class!

Rabbit Class

In English this week, Rabbit Class have been learning all about the famous aviator Amelia Earhart and her incredible adventures. The children have enjoyed finding out about her achievements and discussing what made her such a brave and determined person. They have been expressing their own opinions about her adventures and using reasons to explain their ideas in their writing.

Squirrel Class

Squirrels have had another fantastic week as we continue our **Stone Age lines of enquiry**! In History, we explored **Stone Age diets** and discovered how these changed when people began farming and settled into communities. In Geography, we investigated how the **settlement of Wedmore has changed over time**, using historical maps and photographs to spot and discuss changes to our local area. Finally, in Art, we have been exploring **shadows** and practising how to use shading techniques to show light and dark in our drawings.

Owl Class

Another busy and exciting week in Owls! In Maths, we've been learning about rounding numbers up and down, taking our learning outside for some active rounding games on the playground. In our Oceans enquiry, we shared our learning about plastic pollution in our Celebration Assembly, spreading our message about how we can all help to protect our oceans. In English, we've been writing and performing our own playscripts inspired by *The Lost Thing*, with some fantastic performances along the way. A really enjoyable week, with lots of creativity, collaboration and great learning happening across the classroom.

Wedmore First School Academy

School Attendance for
this week is 94.7%

Date	Event	Details
Mon 5th Oct	Robin Class Parent info evening	4.00-4.30pm in Robin class
Thurs 8th Oct	Open Morning for Sept 27/28 Intake	10.00-11.00am in the school hall.
